I'll check with the Captain of parking enforcement...unfortunately, DOT will not take any applications for new parking districts so that's not an option right now. I will let you know what DOT says

Subject: Re: PROBLEM WITH SHUTTLE BUSES

Heather, This is not just overnight parking. They use this street as a full time commercial parking lot. They only leave for the two hours a week posted for street sweeping. Then they have two drivers park them across the street for two hours and then line them back up on Sepulveda Eastway as soon as sweeping hours are over and take up every available parking spot bumper to bumper from Westchester Parkway to La Tijera (except for 30 ft of timed parking near Turner's) until they move them for two hours the next week.

Subject: PROBLEM WITH SHUTTLE BUSES

Nate,

Don't know who to talk to about this...but I thought I would start with you and copy Cedric, Don and Miki.

There are unmarked shuttle busses taking over Sepulveda Eastway north of the parkway. They are white, or burgundy or blue and yellow. They have taken over the street and they are in the parking lot as well. Street is full and parking lot has about 12 busses in it. My nephew is just coming home from Otis after a 15 hour day and has driven around and around and is not able to park anywhere there. They cite you in the lots behind Office Depot and there is just no street parking. Unfortunately the development was a Motel prior so does not have the allotted parking at 8910 Sepulveda Eastway and there was no parking with this unit.

Let me know if anybody has any solutions. In the meantime Miki I told him to park his weary starving bones in the Paradise and I would give you his license and beg you not to tow. His license is 6BSL228 and it is a Burgundy Scion XB. He is doing service at the Halloween Town Fair!!

Anybody have a solution? Suggestion to get these commercial vehicles out of there? Residential permit parking at night? The situation is only going to get worse when the LA Turner's gets into full gear and especially with the holidays approaching.

Thanks for listening,

Warmest Regards,
